

Extreme Remediation, Inc

No cleaning job is too large or too challenging for our team of professional cleaning experts.

Problem

- You or a family member is a hoarder and are struggling to reclaim your life
- You have a house full of trash and clutter and need it cleaned
- You need an area contaminated with human or animal feces to be cleaned and disinfected
- You have another cleaning issue that can't be addressed by a typical cleaning company

→ **Compulsive Hoarding**

While you may or may not be diagnosed as a hoarder, you know that your issue is extreme and you will not be able to reclaim your life (or your house, without professional help

→ **Trash and Clutter**

You don't hoard items; however, your house is full of trash and clutter. Sometimes life just gets in the way and cleaning is not a priority. Now you're ready to clean your home but the problem is too big for you or a typical cleaning company to tackle

→ **Human or Animal Feces and Urine**

A medical condition or a faulty plumbing system has resulted in the presence of feces and urine throughout the home. Blood from a gastrointestinal bleed may also be present

Our Solution

- We will spend ample time to work with you to determine the nature of the problem or issue
- You will work with our team to develop a plan to help you to reduce the amount or number of items in your home
- Based on our plan, trash & debris will be discarded, some items will be donated and many items will be organized and stored safely in your home

What is the Problem?

Our team of experts have been helping people in similar situations since 2005. It is this experience and education that will enable us to work with you to determine the true extent of the problem or issues you face

Working as a Team

Your property is YOUR property and we will not throw away, remove or donate anything that you do not give us permission to move. That said, we will try to keep you on task and will remind you of the importance of parting with personal property that does not enhance your life or well-being

Save, Discard or Donate

Based on our knowledge of your situation and issues, we will work towards our pre-established plan of moving items out of your home. Many items will be organized and saved, some items discarded and other donated to through a church, homeless organization, Goodwill, etc.

Birth of Our Company

The Beginning

2005

Bio-Trauma 911 and Extreme Remediation was created by an Indiana Law Enforcement Officer and disabled military veteran in 2005.

Training Program

2008

In 2008, we created a training program that now trains new biohazard remediation technicians from around the world. Today, we

Unprecedented Growth

2021

are seeing unprecedented growth in all areas of business and will soon be one of the largest extreme cleaning and biohazard remediation companies in the United States.

Timing

Cost Effective

Our tremendous growth is evidence that our pricing structure is fair and competitive.

Ideally, we like to work with the financially responsible party who is in position to pay for our services at the time they are rendered. Financial assistance is available through PayPal. Contact us for more details

Competitive Advantages

○ **Competitive Pricing**

Based on our experience and market knowledge, our pricing is very competitive

○ **Experienced**

Many companies similar to ours have been in business for less than five years. We have over 16 years of experience

○ **Honest and Fair**

We are owned and operated by a law enforcement officer and disabled military veteran who demands the utmost in honesty and integrity

○ **Customer Service**

We are typically available 24 hours a day, 7 days a week through our toll free number or online support system. Visit BiohazardClean.com for our online chat.

Our Process

Communication

We will talk with you as long as it takes to establish trust and a working relationship that will provide mutually beneficial. We will NEVER pressure you into signing a contract

Execution

Only after we have a complete understanding of your situation and you provide us with authorization to start the job will we begin the remediation or cleaning process

Payment

We typically require 75% of the proposed cost up front from home owners. Insurance companies and businesses are typically billed with terms of net 21

The Team

Jeremy Stephens
Operations Manager

Jeremy spends most of his time on the phone with clients to build a relationship and create a cleaning or remediation plan that can be implemented by Steve Hanna or Robert Taylor

The Team

Steve Hanna

Senior Technician | Trainer

Steve spends most of his time on job sites working with clients and helping them through the remediation or cleaning process. Steve is one of the most experience biohazard remediation specialists in the United States and is typically assigned to any job involving biohazards

The Team

Robert Taylor
Lead Technician

Robert spends most of his time on job sites working with clients and helping them through the remediation or cleaning process. Rob is a manager and is tasked with supervising the work crew and keeping them on schedule

The Team

Amanda Kenney

Support Specialist

Amanda may be the first person you speak with when you call our company. Amanda will gather information from you to brief Jeremy or another team member of your situation. If no one is available at the time you call, Amanda will make sure a team member returns your call
